### **Subgrant Abstract:**

Manchester will combine its McKinney-Vento funds with other programs and community agencies to provide services to homeless children and their families and unaccompanied youth to support their academic and social success in school. Specifically, we will hire a part-time homeless student support specialist to provide case management services for homeless middle and high school students and to liaise with appropriate providers within the school and district and community so homeless students get the appropriate supports to succeed in school.

In addition, we will contract with Child and Family Services, Families in Transition, and the Boys and Girls Club for school, extended day, and extended year programs and services for homeless children and youth. We have also set aside funds for gas cards, clothing, ID cards, birth certificates and other items needed to succeed in school and will purchase brochures and posters with information about services for homeless youths and their families and unaccompanied youth.
